Proudly Present

The

1980

CHIEFTAIN

This year's theme was selected to represent the word Canaseraga. As many of you know, the term orginiated from the Indians, meaning ''Down Among The Elms.''

This year, the well deserved 1980 Chieftain dedication goes to a man who is also celebrating his 25th year teaching. He has involved himself in many activities such as class advisor, FFA advisor, student council advisor, and assistant principal. In each activity he undertakes, he offers guidance, advice, and a lot of himself.

We feel very proud and happy to specially recognize Mr. Lewis through this dedication of thanks.

Mr. R. Lewis — Vice Principal

Today's society places a great emphasis on youth. One of the prime aspects of youth is, a time of learning. Never let your process of learning stop. It will constantly open those new areas of adventure you need for a challenging life. Always keep learning.

Mr. R. Norton — Principal

These are the days of a society that is moving at a fantastic pace. Because of this pace, people have been admonished to 'take time to smell the roses'. Of course, the logic of the statement is to slow down and place things in a proper perspective.

One cannot rush through life without looking to see where they are going. Many students today look forward only to Saturday nights, graduation, or a job, without proper realization that much more is involved in preparation than the event.

As you look forward, take time to plan ahead, look at your options, and make a decision based on clear thinking instead of rushing headlong into situations which could be avoided.

Our yearbook marks another year in the lives of the students and staff at Canaseraga Central. A yearbook can only capture the faces at a specific time, but it is also a way of recording the events and memories that happens during a year.

Time and effort by many is needed to put out a publication such as this. It takes commitment, responsibility and devotion in order to have a yearbook. It also requires strong financial support. This year, we lacked some of these factors, and if it continues we will find ourselves without a yearbook in coming years. We invite any student who really wants to work hard and see their endeavors in print to join our staff.

We would like to give special thanks to those who helped support this year's publication financially, by giving their time and those who offered the needed words of encouragement.
